Templeton Emerging Markets Investment Trust PLC ('TEMIT')

On behalf of TEMIT, Franklin Templeton Investment Trust Management Limited reports the unaudited cum-income net asset value ('NAV') of TEMIT as at
25 November 2026 was £2679.572m, representing a NAV of 298.16 pence per share.
The unaudited ex-income NAV of TEMIT as at **25 November 2026** was £2638.778m, representing a NAV of 293.62 pence per share.

In accordance with the Association of Investment Companies recommendations, the cum-income NAV has been calculated based on the total value of underlying assets,
including accumulated or accrued income, and using bid price information relating to the underlying assets.
The ex-income NAV has been calculated based on the total value of underlying assets, excluding these income elements, and using bid price information relating to the underlying assets.

Portfolio data for TEMIT can be found on the website www.TEMIT.co.uk.
