2. Basis of preparation

These unaudited condensed interim consolidated financial statements have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand ('NZ GAAP'), with New Zealand Equivalent to International Accounting Standard 34: Interim Financial Reporting ('NZ IAS 34'), with International Accounting Standard 34: Interim Financial Reporting ('IAS 34'), and with the requirements on the NZX Listing Rules.

The condensed interim consolidated financial statements do not include all of the notes of the type normally included in an annual financial report. Accordingly, this report should be read in conjunction with the consolidated financial statements included in the annual report for the year ended 31 March 2025 which have been prepared in accordance with New Zealand Equivalents to IFRS Accounting Standards ('NZ IFRS'), IFRS® Accounting Standards, and other applicable New Zealand Financial Reporting Standards as appropriate for for-profit entities.

The condensed interim consolidated financial statements are presented in New Zealand dollars which is the Company's functional and presentation currency, rounded to the nearest thousand dollars.

The condensed interim consolidated financial statements, including the financial results for the 6 months to 30 September 2025 and 2024, are unaudited. The comparative information as at 31 March 2025 is audited.

2.1 Changes in material accounting policies

There have been no changes in the material accounting policies and methods of computation used in preparing the condensed interim consolidated financial statements compared to those of the previous financial year and corresponding interim reporting period. For details of the accounting policies for the 12 months ended 31 March 2025 please refer to the 2025 Annual Report.

For the six months ended 30 September 2025

2.2 Going concern

The consolidated financial statements have been prepared on a going concern basis, which assumes that the Group has the intention and ability to continue its operations for the foreseeable future.

The Group incurred an after-tax loss of \$5.0 million in the six months to 30 September 2025 (six months to 30 September 2024: \$5.5 million loss). The Group's net cashflows from operating activities was \$2.9 million (six months to 30 September 2024: \$3.1 million).

At the reporting date the Group had cash of \$2.7 million (31 March 2025: \$5.9 million), negative working capital of \$6.6 million (31 March 2025: \$4.0 million negative) and net assets of \$10.5 million (31 March 2025: \$15.3 million).

As at 30 September 2025, the Group had borrowings of \$38.8 million (31 March 2025: \$41.0 million) of which \$7.7 million were current (31 March 2025: \$8.7 million) and \$31.1 million were non-current (31 March 2025: \$32.3 million).

During the period the Group was fully compliant with all bank covenants and forecasts that it will continue to remain complaint.

In November 2025 the Group agreed to amended loan facilities with Kiwibank (refer note 15.1). The amendment continues to provide the Group with access to the necessary borrowing facilities while reducing monthly repayments from \$400,000 to \$250,000.

The Directors have considered forecast financial information and associated assumptions in their assessment of going concern. The Group maintains a positive liquidity position, with enough cash on hand and access to undrawn bank facilities to provide further comfort in this respect.

The Directors have, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. They have therefore continued to adopt the going concern basis of accounting in preparing the condensed interim consolidated financial statements.

The Directors have formed this expectation having regards to the Group's current financial budget and forecasts, the available headroom under existing funding facilities, and the Group's ability to comply with borrowing covenants.
