

NEWS RELEASE 26 -01

January 13, 2026

CHATHAM ROCK CORRECTION OF MINERAL RESOURCE RELATED STATEMENTS

WELLINGTON New Zealand – Chatham Rock Phosphate Limited (TSXV: “NZP”, NZX: “CRP”, FSE: “3GRE”) (“CRP” or “the Company”) advises that as a result of a review by the British Columbia Securities Commission, the Company is issuing the following news release to clarify its disclosure.

Information provided on the Company’s website and specifically in its corporate presentation concerning the Company’s Chatham Rise Project does not include an economic analysis supported by a compliant Technical Report under National Instrument 43-101. Investors should not rely on the economic analysis information in the Company’s corporate presentation and website until a new technical report is filed on SEDAR+.

Neither the Exchange, its Regulation Service Provider (as that term is defined under the policies of the Exchange), or New Zealand Exchange Limited has in any way passed upon the merits of the Transaction and associated transactions, and has neither approved nor disapproved of the contents of this press release.

Statements about the Company’s future expectations and all other statements in this press release other than historical facts are “forward looking statements”. Such forward-looking statements are based on numerous assumptions, and involve known and unknown risks, uncertainties and other factors, including current market conditions, and risks inherent in mineral exploration and development, which may cause the actual results, performance, or achievements of the Company to be materially different from any projected future results, performance, or achievements expressed or implied by such forward-looking statements.
