Smart US Large Growth ETF Distribution - May 2026

The Smart US Large Growth ETF (USG) invests in the Vanguard Growth ETF, which is designed to track the return on the CRSP US Large Cap Growth Index.

USG pays semi-annual distributions, where available, based on income received during that distribution calculation period from the underlying Fund.

For the period 13 November 2025 to 14 May 2026, the Fund has not received sufficient income to pay a distribution and cover forecast taxes and expenses. As a result, USG will not pay a distribution for the period ending 31 May 2026.
