General Capital Releases 2026 Annual Report

General Capital, the NZX listed Financial Services Group, has today released its Annual Report for the year ended 31 March 2026.

A copy of the Annual Report is also available on the Company's website at: www.gencap.co.nz/financial-reports.

The Directors of General Capital Limited are pleased to present another record result for the year ended 31 March 2026.

The consolidated revenue was 18% higher than the previous year, increasing to \$26,760,760 and Net Profit After Tax was broadly in line with the prior year with a solid result of \$2,724,333 for the year ended 31 March 2026. Consistent with the prior year, these results represent sound performance for the Group with year-on-year growth and the achieving another record year of revenue and asset growth since it was listed in 2018.

The Group maintained a strong balance sheet with total assets increasing by a further 30% since March 2025, demonstrating the Group's ability to manage its capital in light of continuing economic uncertainties. Subsidiary Company General Finance Limited has also maintained its credit rating of BB with a slight uplift from a 'Stable' to 'Positive' outlook by Equifax on 10 December 2025 which supplements the outstanding performance of the Group during the financial year.

General Capital declared a final dividend of \$0.0085 per share to supplement the half year dividend of \$0.0033 per share, bringing the total dividends per share for FY26 to \$0.0118 per share. This reflects the Group's strong financial performance and commitment to delivering shareholder value. The dividend aligns with the policy introduced at the Annual Shareholder Meeting in July 2025 to allow up to 40% of NPAT to be paid as dividends and underscores the Board's confidence in the Group's growth trajectory and financial resilience.

This announcement was approved by the Directors of General Capital Limited.
