Further information on ANZ's DRP Neutralisation

Further to ANZ's announcement on 9 November 2026 that it plans to neutralise the impact of ANZ shares allocated under its Dividend Reinvestment Plan (**DRP**) in relation to the 2026 Final Dividend, we further advise that:

- UBS Securities Australia Limited has been appointed to execute the on-market share purchase;
- Approximately $144 million of ANZ shares are expected to be purchased on-market to satisfy ANZ's obligations under the DRP; and
- The DRP pricing period begins today and finishes on 1 December 2026 (inclusive), subject to the DRP Terms and Conditions. The on-market purchase of ANZ shares may occur during the DRP pricing period.

To the extent that the on-market purchase is not completed for any reason, then ANZ will issue new ANZ shares to meet its obligations under the DRP.

DRP Participants do not need to take any action in respect of this to receive their ANZ shares under the DRP.
