Final Terms Sheet

This final terms sheet ("**Terms Sheet**") sets out the key terms of the offer ("**Offer**") by Summerset Group Holdings Limited ("**Summerset**") of \$150,000,000 of guaranteed, secured, unsubordinated fixed rate bonds maturing on 23 May 2031 ("**Bonds**") under its master trust deed dated 30 May 2017 (as amended from time to time) ("**Trust Deed**") as modified and supplemented by a supplemental trust deed dated 12 May 2025 (together, "**Trust Documents**") entered into between Summerset and The New Zealand Guardian Trust Company Limited ("**Bond Supervisor**"). Unless the context otherwise requires, capitalised terms used in this Terms Sheet have the same meaning given to them in the Trust Documents.

Investors should refer to the Trust Documents for the full terms of the Bonds.

Important Notice

The Offer of debt securities by Summerset is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 ("**FMCA**").

The Offer contained in this Terms Sheet is an offer of bonds that have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as:

- Summerset's bonds maturing on 24 September 2025, which have a fixed interest rate of 4.20% per annum and are currently quoted on the NZX Debt Market under the ticker code SUM020;
- Summerset's bonds maturing on 21 September 2027, which have a fixed interest rate of 2.30% per annum and are currently quoted on the NZX Debt Market under the ticker code SUM030;
- Summerset's bonds maturing on 9 March 2029, which have a fixed interest rate of 6.59% per annum and are currently quoted on the NZX Debt Market under the ticker code SUM040; and
- Summerset's bonds maturing on 8 March 2030, which have a fixed interest rate of 6.43% per annum and are currently quoted on the NZX Debt Market under the ticker code SUM050,

(together, the "**Existing Bonds**").

Accordingly, the Bonds are the same class as the Existing Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Summerset is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited ("**NZX**") for the purpose of that information being made available to participants in the market. That information can be found by visiting www.nzx.com/companies/SUM.

The Existing Bonds are the only debt securities of Summerset that are currently quoted and in the same class as the Bonds.

Investors should look to the market price of the Existing Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds.

Key Terms of the Bonds

Issuer	Summerset Group Holdings Limited (" Summerset ").
Instrument	Fixed rate, guaranteed, secured, unsubordinated bonds (" Bonds ").
Status	<p>The Bonds will be issued under the Trust Documents described above.</p> <p>Principal and interest amounts in respect of the Bonds will be direct, secured, unsubordinated obligations of the Issuer and rank <i>pari passu</i> with all other unsubordinated obligations of the Issuer, except indebtedness preferred by law.</p>
Guarantors	<p>Consistent with the Guarantors for Summerset's bank facilities.</p> <p>Holders will have the benefit of the following coverage ratios:</p> <ul style="list-style-type: none"> • Total Assets of the Guaranteeing Group must comprise at least 90% of the Total Assets of the Summerset Group; and • EBITDA of the Guaranteeing Group for each rolling 12 month period must not be less than 90% of EBITDA of the Summerset Group for that period.
Purpose	<p>The net proceeds of the Offer will be used to repay a portion of existing drawn bank debt of the Summerset Group. Summerset then intends to use bank debt to fund the repayment of Summerset's SUM020 bonds, which mature on 24 September 2025. The Offer will provide diversification of funding sources and tenor for the Summerset Group.</p> <p>Summerset Group's principal use of debt is to facilitate the acquisition of land for development and the development and construction of retirement villages.</p>
Security	<p>Holders will share the benefit of the same security package as Summerset's banks on a pro rata basis. The security is held by the Security Trustee.</p> <p>The key securities that Summerset's banks and Holders will have the benefit of are set out below.</p> <p>New Zealand Securities</p> <ul style="list-style-type: none"> • A second ranking mortgage over the land and permanent buildings of each Village Registered Company incorporated in New Zealand, which are the entities that operate Summerset's registered retirement villages in New Zealand. This ranks behind a first ranking mortgage in favour of Public Trust (as the Statutory Supervisor of the relevant retirement village) securing amounts and obligations owing to village residents. • A first ranking mortgage over land and permanent buildings owned by other Summerset Group companies (described as Non-Village Registered Companies) incorporated in New Zealand, being undeveloped land and land under development. • A General Security Deed, which grants security over all assets of the Guaranteeing Group companies incorporated in New Zealand. However, the Statutory Supervisor has first rights to the proceeds of security enforcement against the assets of the Village Registered Companies incorporated in New Zealand.

Security (continued)

The Statutory Supervisor is entitled to the proceeds of security enforcement against all assets of the Village Registered Companies incorporated in New Zealand, in priority to Summerset's banks and Holders. Summerset's banks and Holders (including holders of the Existing Bonds) will share the remaining proceeds of security enforcement against the assets of Village Registered Companies incorporated in New Zealand to which the Security Trustee is entitled on a pro rata basis.

Australian Securities

- A second ranking mortgage over the land and permanent buildings owned by each Village Registered Company incorporated in Australia. This generally ranks second in priority behind a statutory charge against the land and permanent buildings arising under the relevant retirement villages legislation securing amounts owing to village residents. Note that Summerset has three Village Registered Companies in Australia, and continues to progress a number of village developments in Victoria.
- A first ranking mortgage over the land and permanent buildings owned by Non-Village Registered Companies incorporated in Australia, being undeveloped land and land under development.
- A General Security Deed, which grants security over all assets of the Guaranteeing Group companies incorporated in Australia.

There is no requirement to appoint a Statutory Supervisor or equivalent for each Registered Village in Australia.

Financial Covenant

Loan to Value (LVR) Covenant

Summerset will ensure, on each Test Date, that the ratio of:

- a. Total Debt (which is effectively principal amounts outstanding under Summerset's bank facilities, bonds and any other secured facilities); to
- b. Property Value of the Guaranteeing Group's land and permanent buildings that have been mortgaged to the Security Trustee,

is less than or equal to 50%.

A reported breach of the LVR Covenant in respect of a Test Date will be an Event of Review. Summerset must then follow a process specified in the Trust Deed to attempt to remedy the breach. If the breach has not been remedied at the end of this process, an Event of Default occurs.

Distribution stopper

Guarantors are not permitted to make any Distributions to non-Guarantors if an Event of Default or Event of Review is continuing.

Refer to the Trust Deed for more detail on Covenants that will apply to the Bonds.
