

BIF – On-Market Repurchase of Units on NZX

30 March 2026

The Manager has noted a level of net selling activity of BIF units over the past few months.

In recognition of this activity, and the current availability of liquidity within the Fund, the Manager of the Fund has confirmed it will purchase up to 65,000 units via the NZX at a price not exceeding the latest net asset value, and redeem these units. This will occur on Wednesday 1 April. The Manager has arranged that the on-market purchase and subsequent redemption will be undertaken by Booster Financial Services Limited (the parent company of the Manager).
