About Locate Technologies

Locate Technologies Limited (NZX: LOC) is an AI-powered delivery and logistics technology company. The Group operates two complementary platforms: Locate2u, a route optimisation and delivery management platform used by fleet operators, retailers, and logistics providers internationally, with AI features deployed in the product for customers; and Zoom2u, an on-demand courier and delivery marketplace across Australia that uses AI internally to run its dispatch and logistics operations. The Group's platforms provide route planning, delivery management, and real-time visibility for businesses of all sizes.

Locate Technologies is also New Zealand's first listed Bitcoin treasury company, holding Bitcoin as a reserve asset alongside its operating businesses.
