

26 June 2026

Dividend Reinvestment Plan strike price

The Strike Price used to calculate entitlements under the Infratil Dividend Reinvestment Plan (“DRP”) in respect of the FY2026 final dividend has been set at NZ\$14.703724 per share.

The Strike Price is calculated as the volume weighted average sale price for ordinary shares in Infratil (“Shares”) based on all trades of Shares on the NZX Main Board over a period of ten trading days commencing on and including the first trading day after the Election Date (being 12 June 2026), with a 2% discount applied.

There have been no adjustments to the Strike Price by Infratil (including for any exceptional or unusual circumstances).

Shareholders who have elected to participate in the DRP will receive Shares instead of cash in respect of the FY2026 final dividend payable on 29 June 2026.
