About Gentrack

For over 35 years, Gentrack has partnered with the world's leading energy and water utilities. Today, more than 60 companies rely on our technology.

Gentrack is building AI into the heart of utility operations, helping energy and water companies manage increasing complexity and create greater capacity across their teams. We combine AI and intelligent automation with decades of industry expertise to help utilities innovate faster, operate more efficiently and deliver better experiences for their customers. Together with Salesforce and AWS, we are building for the next generation of utilities.
